Welcome to the American University of Beirut (AUB)! We hope you will be an active participant in our pursuit of academic excellence and that you will find AUB a fruitful place to pursue your professional and academic career.

This handbook is designed to make your transition to AUB and Lebanon as smooth as possible. You will find detailed information and helpful tips on travel, documentation, communication, campus facilities, housing, and schooling. It is impossible to anticipate every question or concern that might arise. If necessary, your respective dean’s office and departmental chairpersons can answer additional questions. In addition, the New Faculty Orientation website http://website.aub.edu.lb/nfo/Pages/index.aspx gives you easy access to essential information. It provides links to places and people who can help during the pre and post arrival process as well as during the initial stages of your employment. It also presents information about the New Faculty Orientation sessions which are offered twice a year.

**AUB and Lebanon**

Ras Beirut, frequently mentioned in the following pages, is the neighborhood in which the University is located. It is a mixed residential and commercial area, and can easily be covered on foot.

**MAKE YOUR TRAVEL ARRANGEMENTS EARLY AND BE SURE YOU HAVE ALL THE NECESSARY DOCUMENTS WITH YOU!**

Kindly refer to policies on Benefits and Allowances for Academic Personnel for information on the Appointment Travel & Baggage Allowance: http://website.aub.edu.lb/hr/policies/Pages/policies.aspx

For information on Travel Guidelines for new Faculty, including shipping and clearing personal belongings through customs, kindly click on the following: http://website.aub.edu.lb/nfo/prearrival/Pages/index.aspx

New appointees who are citizens of countries other than Lebanon must be granted a “work entry visa” by the Minister of Labor before a ticket is purchased.

**Pre-Appointment Medical Examination**

The University requires of each candidate before his/her appointment a completed medical examination to be performed by the candidate’s private physician and reported
on special AUB forms, which must then be approved by the Director of the University Health Services at AUB before final acceptance is granted.

The University will reimburse up to US $300 of the cost of the examination (including X-ray and laboratory tests) by presenting the original receipts to the Director of Human Resources Department (Campus) in Beirut.

*Please complete this medical exam as early as possible. Your contract cannot be processed before the medical exam results arrive at the Human Resources Department (Campus).*

**Letter of Appointment**

An official letter of appointment will be sent from Beirut after the medical examination report has been approved. Until the letter of appointment has been signed and returned to the Human Resources Department (Campus), AUB cannot be responsible for travel or any other expenses or for premature liquidation of personal affairs, positions, property, etc.

*For citizens of countries other than Lebanon, the appointment and its continuation is subject to the granting of the appropriate “Work Visa” by the Lebanese Government.*

**Bring all the relevant documents with you.**

Make absolutely sure you have all the necessary documents with you to help make your arrival smooth and easy.

**Passport**

Each candidate and each accompanying family member must be in possession of a passport that will remain valid for at least eighteen months after the date of arrival. Note that at present entering Lebanon with an Israeli visa on your passport is illegal according to Lebanese Law.

**Work Entry Visa**

AUB will provide you, prior to your arrival to Lebanon, with a copy of the “work entry visa”. A visa fee of LL50,000 (US$33) is currently charged at the airport upon arrival, which will be reimbursed by the University.

Appointees who are citizens of countries other than Lebanon must enter the country on a work entry visa and **not** on a tourist visa. **Entry on a tourist visa will cause considerable difficulties later.**
Please refer to the following link for more information on the work entry visa: http://website.aub.edu.lb/hr/labor_relations/Documents/work_entry_visa.pdf

Other Useful Documents and Materials

**Valid Driver's License** - Bring your own driver's license as it may be useful until you can secure a Lebanese license. International driver's license for use in other countries may be obtained in Lebanon, but only an international license secured outside the country is valid in Lebanon.

**Passport Photos** - Passport photos are always useful for additional visas, renewal of work and residence permits, club memberships, etc. Be sure to bring at least twelve photos with you for various visa and university-related documents. Additional photos may be made at any of the many photography shops located in the Ras Beirut area.

**IMPORTANT TIPS TO REMEMBER WHEN MAKING YOUR TRAVEL ARRANGEMENTS**

**Bring a sufficient amount of cash!**

Make sure you bring with you enough money to carry you through to the end of your first month of employment, as you will not be paid until the end of the first month of the contract. Alternatively, local banks have ATM machines that accept bankcards or credit cards.

**AUB personnel will arrange to pick you up at the airport!**

Send flight and arrival information to the New Faculty Facilitator, at least one week before the travel date.

**DOCUMENTS NEEDED IN LEBANON**

**The Work Permit and the Residence Permit**

Following your arrival in Lebanon the Human Resources Department (Campus) will assist you in obtaining your work and residence permits and in renewing them each year. It usually takes around one month to obtain the work permit; an additional fifteen days is necessary for the residence permit. Present all the necessary documents to the Human Resources Department (Campus) to obtain your work and residence permits immediately upon your arrival so that if you want to travel during university holidays, you will be able to do so without delay. This is necessary because you must present your residence permit with your passport at passport control in the airport when leaving and entering Lebanon.
Please refer to the following link for more information on the work and residence permits: http://website.aub.edu.lb/hr/labor_relations/Documents/work_residence_permits.pdf

**Documents Needed for Moving around Beirut and the Country**

While living in Beirut or traveling throughout Lebanon, be sure to carry with you some kind of identification. Most important are your passport, your Lebanese residence permit, and your AUB ID, but the residence permit is usually sufficient. Be careful not to lose your residence permit since it is extremely cumbersome to obtain a replacement. The ID Center will issue your AUB ID after you sign your contract. You can contact the Human Resources Department (Campus), located at College Hall, 3rd floor, Tel. (+961-1-350000 Ext. 2322/2306), Fax (+961-1-744475).

**ACCOMMODATION**

**AUB will help you with housing!**

**On- and Off-Campus AUB Apartments**

Some housing is available in faculty living quarters on-campus. Housing in buildings not owned by the university (off-campus) can be expensive, in such cases AUB will provide a rental subsidy.

Please refer to the Housing Policy: http://website.aub.edu.lb/housing/Pages/index.aspx

**Furniture**

All apartments are furnished as described in Schedule B of the *Policies on Benefits and Allowances for Academic Personnel* with a basic set of furniture. The furniture allotment includes sofas, armchairs, coffee and end tables, bookcases, desks and beds. All apartments have a refrigerator and a stove, however, washers and dryers are not provided. You will need to bring with you or purchase in Beirut linens, pots, pans, crockery and cutlery. Kitchen appliances and electrical goods are readily available in Beirut.

**Water**

The water at AUB is not suitable for drinking. AUB recommends using a reputable brand of bottled water.
Electricity

Electricity on the AUB campus and in all campus buildings is 220V, 60Hz. Almost all off-campus buildings are supplied with 220-240V. Transformers and voltage stabilizers are readily available in Beirut.
