

Find articles in peer reviewed journals?

The terms academic, scholarly, refereed and peer-reviewed are often used interchangeably to describe journals that use some kind of reviewing process to verify the scholarship of articles submitted for publication.

I- How to know if a journal is peer-reviewed?

From the AUB homepage go to **Libraries**, select **University Libraries**, click on **E-Resources** and select the letter **U**

- Connect to [UlrichsWeb \(Periodicals Directory\)](#)

- Type the journal title in the search box. Submit the search.

Enter a Title, ISSN, or search term to find journals or other periodicals:

- Look for the “peer-reviewed” symbol next to the journal title

II- How to find scholarly or peer-reviewed articles in databases?

Many online databases allow you to limit your search to scholarly or peer-reviewed articles.
