"Dr. Rami Kantar and Dr. Elie Ramly, SHARP 2013 graduates and Global Smile Foundation (GSF) volunteers, were part of the organizing committee of the First Comprehensive Cleft Care Workshop in the Middle East/North Africa region which was held at Gefinor Rotana Hotel in Beirut, Lebanon. The goal of the workshop was to address the deficit in comprehensive cleft care in the region and promote sustainable cleft care through education. The 3-day workshop included world authorities in cleft surgery from NYU, Harvard and UNC among other prestigious institutions, and featured high-fidelity hands-on surgical simulation sessions with one-on-one feedback. Close to 100 participant including surgeons, speech pathologists, and nurses hailing from almost 20 countries made the workshop a huge success. GSF and GSF-MENA under the leadership of Dr. Usama Hamdan were the primary sponsors of the workshop."
